

## **Experiencing the Future Power System.... Today**

*International CIGRE Symposium*

### **Student Participation Information**

**Trinity College Dublin – Ireland: 29<sup>th</sup> May – 2<sup>nd</sup> June 2017**

#### **Student Participation**

The symposium is focussed on new innovations deployed in power & market systems today. To provide an opportunity for students in full time education to share their research on any of the main topics, a dedicated poster session will be run in parallel with the symposium. Up to 16 papers will be chosen from students around the world to participate in the poster session. The successful lead authors will receive **FREE REGISTRATION** for the Symposium.

#### **About The Dublin CIGRE Symposium**

The symposium will focus on the experience that experts from around the globe have gained deploying new techniques, technologies, concepts and citizen involvement in all aspects of Power and Market Systems. This holistic assessment of the Power System of the future will include lessons learned from these practical experiences. More information including the Call for Papers can be found at [www.cigredublin2017.net/call-for-papers/](http://www.cigredublin2017.net/call-for-papers/)

#### **Programme**

The main symposium sessions will take place on Wednesday 31<sup>st</sup> May & Thursday 1<sup>st</sup> June. A half day tutorial session will be held on the afternoon of Tuesday 30<sup>th</sup> May and a technical visit will take place on Friday 2<sup>nd</sup> June.

#### **More Information**

Please visit our website for more information [www.cigredublin2017.com](http://www.cigredublin2017.com)

To avail of this opportunity, students must be members of CIGRE. **Student membership of CIGRE is FREE.** Please contact your local National Committee for more information.
